### Our Mission

The Sewing Referral Network's dual-purpose mission serves both professional seamstresses and discerning consumers.

Our first objective is to provide a networking support system for professional seamstresses as a tool to develop contacts, exchange information, share resources and further one's career.

Our second—but equally important objective—is to be recognized as the go-to organization that Colorado consumers and businesses turn to time and again when custom sewing needs arise that demand the precision skills of trusted, high-quality seamstresses.

### Sponsor Showcase
